Keeping your guests happy and you happier.

Whether you are specifying products for a presidential suite or for budget guest rooms, Symmons products will not only uphold your brand standards in designs that will appeal to guests, but also stand up to the test of time. Symmons plumbing solutions guarantee the safety, comfort, and efficiency of water experiences, while providing ease and speed of future renovations and upgrades. As the pioneers of the first anti-scald pressure shower valve, you can trust in our 80 years of experience in innovation and attention to quality, durability, and reliability.

**Built to last. Designed to stand out.
And backed by a customer-first culture.**

Our products can be found in major hospitality brands worldwide and have been for decades.

HOSPITALITY SOLUTIONS

Courtyard by Marriott® North America

Symmons has proved to be a strong partner for the Marriott flag and has met both their operational and design needs for many of their properties. Leveraging previous experience with Symmons, McCartan Design envisioned a unique faucet as the base for the bath concept for the Courtyard Marriott brand. Symmons Design Studio took McCartan's direction to develop the custom single handle joystick faucet that encapsulates Courtyard's appeal to the upscale business traveler.

W Hotel South Beach Miami, Florida

W Hotels provides an exciting upscale experience at each of their 55+ hotels across the globe. W Hotels describes their design aesthetic as follows: “Bold design defies expectations in iconic destinations, from the Mediterranean to the Maldives, South Beach to Shanghai.” W South Beach owner Related Companies partnered with Symmons Design Studio™ to design bold, contemporary faucets, shower systems, and bath accessories. The single handle lavatory faucets are sleek with clean, bold lines that define them as their own architectural element in the bath.

TEMPROL® SHOWER VALVE

Introducing the New and Improved TEMPTROL® Shower Valve

The Highest Quality Shower Valve in the Industry, Now Faster and Easier to Install.

The Symmons Temptrol pressure-balancing, anti-scald valve has been long associated with durability and quality. Showers installed in hotels, schools, and homes worldwide share a common trait: they are powered by the Symmons Temptrol valve.

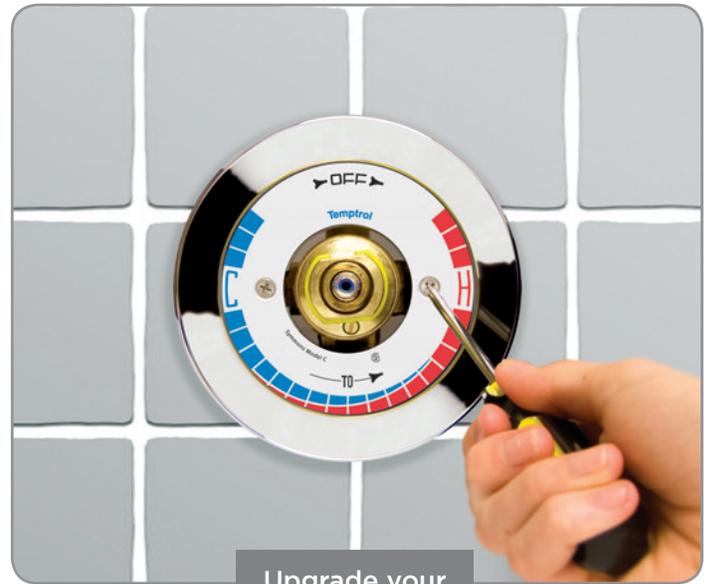

Beautiful designs may cover the superior functionality that resides behind the wall, but it is the Temptrol valve that is the power behind our showers.

Learn more at symmons.com/temptrol

One Great Valve, Many Design Choices

With a Symmons Temptrol valve behind the wall, you can upgrade to any Symmons trim in a variety of designs to quickly and inexpensively enhance any bathroom décor.

Upgrade your aging trim to any one of these:

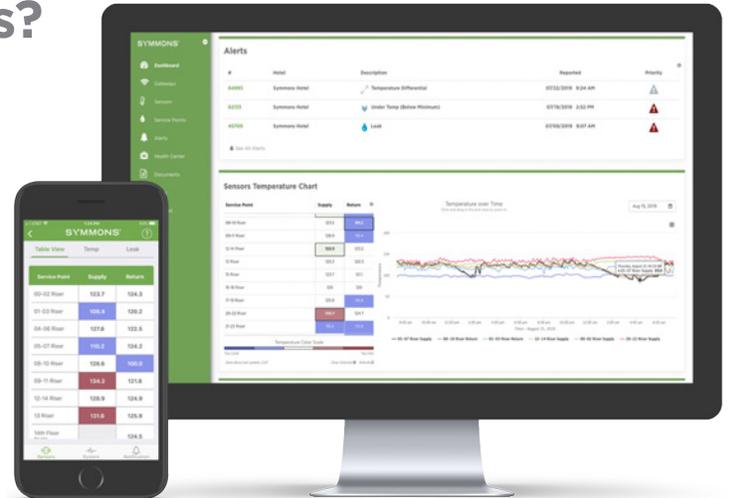

SYMMONS WATER MANAGEMENT

Want to Prevent Bad Guest Experiences in Your Hotels?

With Symmons Water Management, You Will:

- ✓ Reduce the risk of guests experiencing cold showers
- ✓ Increase visibility into your system's health
- ✓ Locate vulnerable spots, getting you to the fix faster

Use Symmons Water Management to monitor your hotel water system and get instant alerts when water issues occur.

The platform's installation app will guide you through placement of non-invasive sensors on your water system components. The sensors will send data to gateway devices, which use cellular data connections to push data to the AWS cloud and do not affect your WiFi network. Receive immediate email and text notifications when water issues arise. Access the data via the desktop and mobile apps to gather real-time insights into:

- Hotel water system performance
- Water temperature and trends
- Potential water leaks

“Before the data I had nothing. All I could do is sit here and say, ‘I know my pipe’s obstructed.’ Now I don’t waste my time trying to find out where the problem is. It is not a needle-in-haystack situation anymore.”

— Chief Engineer,
Luxury Independent Hotel

SYMMONS[®] DESIGN STUDIO[™]

It all starts with an idea. Imagine something unique. A faucet, a shower system, or accessory different from anything you've ever seen. Now imagine it's built with the highest quality parts from the inside out, backed by a customer-first culture. From ideation to creation. Welcome to Symmons Design Studio. Since every project is unique, our Design Consultants help guide you into a solution that is perfect - whatever your timetable or budget - turning your ideas into equity-building, one-of-a-kind designs.

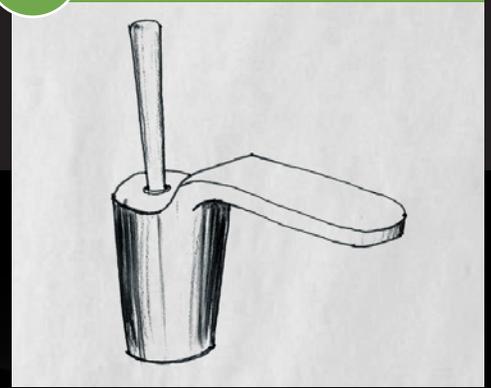

Our Process

Collaboration is the hallmark of everything we do. Our Design Consultants help guide your project through our 4-step process. →

Symmons Products Can Help Achieve LEED® Certification

The U.S. Green Building Council (USGBC) developed the Leadership in Energy and Environmental Design (LEED®) Green Building Rating System™ as the nationally accepted benchmark for high performance green building design, construction, and operation.

LEED-certified buildings conserve our natural resources, reduce operating costs, and result in healthier, more productive occupants. To earn LEED certification, a building project must earn a certain amount of credit points in key areas of sustainable design, including water conservation.

LEED Water Efficiency Credit 3.1: Water Use Reduction: 20% (1 point)

LEED Water Efficiency Credit 3.2: Water Use Reduction: 30% (2 points)

Symmons Water Efficient Products	Showerheads & Hand Showers	Lavatory Faucets	Kitchen Faucets
EPAct '05***	2.5 gpm (9.5 L/min)	2.26 gpm (8.3 L/min)	2.2 gpm (8.3 L/min)
20% reduction	2.0 gpm (7.6 L/min)	-	-
30% reduction	-	1.5 gpm (5.7 L/min)	1.5 gpm (5.7 L/min)
40% reduction	1.5 gpm (5.7 L/min)	-	-
54% reduction	-	1.0 gpm (3.8 L/min)	-
77% reduction	-	0.5 gpm (1.9 L/min)	-

* "LEED" and related logo are trademarks owned by the U.S. Green Building Council and are used by permission.

** Reduction in total indoor water use-water closets, urinals, lavatory faucets, showers, and kitchen sinks. Must be calculated to determine LEED points earned.

*** Water use baseline calculated for buildings meeting Energy Policy Act 2005

Symmons® Design Studio™ can create anything imagined. Call us to get started on your unique project.

THE SYMMONS STORY

At Symmons, we've built a foundation of quality craftsmanship by placing a premium on exceptional service. It's an inner strength and outward focus that makes Symmons the smart choice.

Symmons Industries was founded by Paul Symmons

1939

Paul Symmons set up shop in the vacant Chickering Piano Building in Boston, Massachusetts

1939

Designed the first pressure-balancing valve

1939

Developed TempControl® Thermostatic mixing valve that set the standard by delivering consistent and safe water to fixtures in commercial and residential applications

1958

Symmons moved to a larger facility in South Boston

1956

World War II
During World War II, Symmons received an award for product excellence in supplying essential parts for the construction of U.S. Naval torpedoes

1941

Symmons moved to Braintree, Massachusetts to expand its facility and increase mass production techniques

1967

Symmons introduces the revolutionary pressure-balancing Temptrol® valve

1968

The SCOT® Metering lavatory faucet revolutionized commercial lavatories with the adjustable slow close cartridge, controlling temperature and conserving water, decades ahead of its time

1982

Symmons launches the **Identity™** Collection, inspired by the individuality of our customers' projects

2016

Symmons launches **Temptrol Rapid Install™**, the highest quality shower valve in the industry, now faster and easier to install.

2019

Symmons releases **Symmons Water Management**, the first-ever connected hotel water management platform.

Symmons develops **Origins®** and **Unity®** to support growing entry-level Multifamily housing market

2015

Brand new 25,087 sq. ft. **Global Symmons Headquarters** opens in Braintree

2014

3rd generation **Tim O'Keeffe** becomes CEO

2010

Symmons launches **Dia®, Duro®, and Elm®** which become some of the most popular Symmons product offerings

2011

Allura®
Ballina®
Canterbury®
Carrington®
Degas®
Lucetta

Symmons launches its first line of **premium Collections**

2006

Museo®
Naru®
Oxford®
Sereni®
Winslet®

**SYMMONS®
DESIGN
STUDIO™**

Symmons launches **Design Studio™**

2002

First office outside of New England. The West Coast office opens up in Santa Ana, **California**

1986

2nd generation **Bill O'Keeffe** becomes CEO

1987

First international office opens up in **Canada**

1989

Symmons Industries, Inc.
31 Brooks Drive, Braintree, MA 02184-3804
