

# Origins **ActivSense™** Collection

## Look Mom, NO HANDS!

**Reliability and performance that can't be touched, in a fixture that doesn't need to be.**

Gone are the days of hands-on fixtures. Luckily, so are the auto-sensing units that are synonymous with airport bathrooms. Difficult to install, hard to maintain, and just as hard to operate. These faucets and soap dispensers don't work in the new normal. **The future is ActivSense.**
